BARROW MOUNTAINEERING AND SKI CLUB: MEETS LIST 2025

The B.M.S.C Committee have decided this year we are in a position to subsidise the two away meets in Derbyshire and Wales. This means that the cost of the accommodation only will be covered by the club. We anticipate these being popular so early booking is advisable and places are for members only on a first come first served bases. Please contact Jenny Fox to reserve places.

Meetings times and locations for day meets may change depending on conditions, please contact the Meets Leaders prior to any meetings.

Please note that we endeavour to arrange meets in the areas where there are opportunities for all different kinds of activities and levels of outdoor pursuits. The club fully supports members in their chosen outdoor activities and each meet is open to all members and their friends and any outdoor activities.

Please come along and support the club and enjoy your activities and share in the social aspect of the club
